EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Wendy Choi on 12/15/2003.

The application has been amended as follows:

IN THE CLAIMS: /

Claims 226 and 227 have been canceled.

Art Unit: 1616

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: The claims of reissue application 10/421,462, to which this present case is a divisional, have been transferred to this application (the original reissue application) in response to a restriction requirement that was previously made herein. The divisional presented claims that were non-elected in this application. When the claims of the '462 were allowed, they were transferred to the instant application so that all the claims would issue together (and to avoid this application becoming a no-defect reissue containing only the original claims). The parent then was expressly abandoned.

The primary reason for the allowed added claims is the step of combining the stabilizing system in the emulsion compositions as claimed. Additionally, the prior art fails to teach the method as claimed by adding the components in a oxygen depleted atmosphere.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael G. Hartley whose telephone number is (703) 308-4411. The examiner can normally be reached on M-F, 7:30-5, off alternative Mondays.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Thurman K. Page can be reached on (703) 308-2927. The fax phone number for the organization where this application or proceeding is assigned is (703) 308-4556.

Any inquiry of a general nature or relating to the status of this application or proceeding should be directed to the receptionist whose telephone number is (703) 308-1235.
